

**See Ya Later IslandWood**  
by Emily Jane Schankerman

**Chorus:**

**Oh, See ya later IslandWood  
I want to live here if I could,  
But we've got to get a move on to get back to  
school,  
This place is a hidden jewel**

Hikin' my way, into the trees.  
Goin' to the canopy tower, catchin' some breeze.  
The suspension bridge above the ravine,  
Mac's Pond, looking so clean  
Playin' in the bird blind with the cattail reeds  
A trip to the garden; Owls, Mice and Seeds

**Chorus**

Banana slugs are so great  
I fell in love, it was fate  
Gave it a kiss and put it back down  
Let it be slimy on the ground  
Meetin' at the Circle o' Friendship  
Gettin' some cookies, diggin' the chocolate chip

**Chorus**

The Living Machine and camouflage  
Sleeping in a beautiful lodge  
The little window and the reading light  
It felt at home, just so right  
The food was awesome, always delish  
Please can I stay here? It's my wish

**Chorus**

I learned how to compost; met a friend named Wade  
Wish we could come back in every grade  
I love the trees and saw some deer  
Went on a night hike and had no fear  
The evening program and the lab  
Those rain pants are so fab

**Chorus**

One more verse of this song  
We don't want you to go, so we tried to make it long  
We can't forget the harbor, wait there was a mill!?!  
You'll always remember that beautiful hill  
Well, take care of yourself and Mother Earth too  
Then other people can learn from you

**Chorus**
