ISLANDWOOD

Twenty years ago, Bryant Elementary was one of the 11 schools that participated in the pilot of our School Overnight Program. In this video, you'll hear from current Bryant 5th graders and their teacher why they keep coming back, year after year, to "their school in the woods." To our generous community of supporters, you have helped create this beautiful impact in the world! [Watch the video here.](#)

AS INSPIRATION

When people host their meetings and retreats at IslandWood, they find that nature is not just a backdrop, but an integral part of their experience.

At IslandWood, you can walk straight from your meeting space into 250-acres of forest, trails, and meadows. Our tranquil campus fosters inspiration, reflection, and camaraderie.

And don't forget the best part. The revenue from your meeting or retreat helps make environmental education programming financially possible for over 25,000 children in our region each year!
