

Join us on our Bainbridge Island campus for a make-your-own-adventure weekend full of fun and exploration including guided hikes, birdwatching, canopy tower climbing, yoga, lawn games, and much more! There will be delicious meals, crackling campfires, and a whole multitude of great activities for everyone.

Friends, families, neighbors, and grandparents — this community event is for all who want to experience the fun and discovery of IslandWood.

ISLANDWOOD OUT IN THE WORLD

One of the key pillars of IslandWood's work is sharing research & tools to help support the progress of the entire field of environmental education. Last month, IslandWood participated in two conferences in Washington state, **The Climate Teacher Education Design Institute** and the **National Marine Educators Association Conference**.

Being able to share our experiences and research and to learn from other educators in turn, was truly inspiring!

WELCOMING NEW BOARD MEMBERS

We are so pleased to have recently brought three new outstanding board members to the IslandWood Board of Directors! Please join us in welcoming **Audrey Haberman**, **James Oppenheimer**, and **Skylar Brown**. Their expertise, background, perspectives, and passion will be a tremendous asset to IslandWood and we couldn't be more thrilled to have them join us in the work of inspiring environmental awareness and action!

TEACHERS AND EDUCATORS

SCHOOL DAY PROGRAMS IN WOODINVILLE AND RENTON

Are you looking for a way to engage your students in localized, relevant, and fun science learning? Our free day programs are designed to support schools and teachers, reinforce student learning that happens in both formal and informal settings, broaden the idea of "environment" to include urban systems, and emphasize human impacts on ecosystems.

Dates are available this fall and winter at the Brightwater Education Center in Woodinville and South Treatment Plant in Renton, in partnership with King County.

EEC GRADUATE PROGRAM NEWS

INFO SESSION FOR PROSPECTIVE EEC GRADUATE STUDENTS

We're now accepting applications for the 2024/25 cohort for IslandWood's graduate program in Education for Environment & Community, offered in partnership with the University of Washington's College of Education.

See if the program is right for you at our upcoming virtual info session on August 15th. You'll meet staff and alumni, get an overview of the program, review admissions requirements, and discuss funding opportunities including the \$20,000 Karr Scholarship.

ELEVATE YOUR TEAM

Sometimes all your team needs is a fresh environment to reconnect and reignite their collective spark. Whether a team-building event, a corporate meeting, or an executive retreat, IslandWood will bring your team together in a way only nature can.

And the best part? The revenue generated from your event goes directly into funding the environmental education programs we run all over the Puget Sound region! [Learn more about bringing your team to IslandWood](#) →
